

# Dave's Values

Carolina Restaurant Group, Inc.

The common sense values Dave Thomas lived by are the foundation of Wendy's culture.

**Quality is Our Recipe**  
**Do the Right Thing**  
**Treat People with Respect**  
**Profit Means Growth**  
**Giving Back**

These five themes capture the essence of our founder, patriarch, and good friend. Dave's Legacy will thrive as long as we carry the torch and pass it to a new generation.

As our company grows, we continue to look for that strong team player that wants to contribute to our team atmosphere. We believe every person should enjoy his/her job and have fun while they work.

**Do you have a minimum of 6-months restaurant management experience or an equivalent of a college degree and retail management experience?**

Do you want to grow with a company that truly cares about its employees? If you answered yes to these questions, give us a call. We look forward to talking to you about a career with us.
